APARTMENT LIVING TIP

Taking Precautions Never Hurts

With Groundhog Day approaching it could be spring before we know it.

In an apartment you are sometimes working with limited space, so don't let all the junk from winter pile up around your apartment and do what you can to give yourself some room.

Store away your extra blankets, sweaters and jackets to only pull out again when it is time next winter. You'll see that the lack of cluttered items has you breathing more freely as you roll into warmer weather.

SEASONAL RECIPE

Valentine Trail Mix

Looking for an impressive Valentine's Day dessert, but don't have the time to cook all day? Use this quick cheat to make professional-looking Valentine petit fours in minutes.

All you'll need is a frozen pound cake, 1" cookie cutters, confectioner's sugar, water and light corn syrup. Slice the pound cake into three approximately 1" layers, then cut out hearts and other shapes with cookie cutters (in a pinch, just cut into squares). Mix six cups of confectioner's sugar with half a cup of water, two tablespoons of corn syrup and optional food coloring, then heat until the mixture is pour-able but not runny. Place cake shapes on a rack and pour the mixture over them. Cool for an hour, then trim and add decoration as desired.

FUN FACT: Children between the ages of 6 and 10 exchange more than 650 million Valentine's Day cards each year.

Community Tip

Be Polite for Your Pets

Courtesy is critical when you're sharing an apartment community with others, but your dog or cat probably isn't well versed in etiquette. That means it's up to you to ensure that your furry friend isn't literally or figuratively stepping on any toes when you're out and about the community.

Polite pet ownership means more than just cleaning up after your dog.

- Remember that not everyone is an animal fan.
- Keep your pet leashed. When you pass a neighbor, make sure that you give her enough space to go on her way without interacting with your pet, if that's what she chooses.
- That may mean waiting for someone to pass or giving someone a moment to get ahead of you in the stairwell.
- And, of course, teach your dog to wait until you've attained some distance from the building before relieving himself. All too often, planters, the mail room, and other structures near exits look like a great place for Fido to hike his leg. Your pet may not know better, but with consistent training, your pet can be a good neighbor too!
